Preface

Eastern Mediterranean University (EMU), the oldest and largest university on the island of Cyprus, originated in 1979 as the Higher Technological Institute (HTI), an institution established in consultation with the Turkish Higher Education Council (YÖK). In 1986, the HTI was formally chartered as a university and its name was changed to “Eastern Mediterranean University” with English as the principal medium of instruction. As the university grew, its faculty and student population has become progressively more international and its vision and goals have broadened beyond its national context to encompass a regional, European, and international future.

The campus and academic infrastructure of EMU developed over the years to a fully-fledged university campus. Since its establishment, EMU administration puts special emphasis on internationalization. Internationalization efforts of EMU are not limited to attracting students and academics from all over the world, EMU is also very keen on developing international collaborations and exchange programs with highly prestigious academic institutions from all continents around the world. EMU has also put special emphasis on developing a Quality Assurance System (QAS) covering a wide spectrum of educational, research and service activities at global scale.

Since its establishment, EMU has graduated more than 50000 students; the university’s current body comprises of over 19750 students from 106 nationalities and its 1100 faculty from 35 different countries. EMU has frameworks for collaboration and mobility with more than 500 universities from all over the world. As a result of the continuous efforts for development, EMU has become an internationally well-known university with an ever growing quality spirit and rapidly expanding academic reputation.

Recognition of EMU

The Eastern Mediterranean University and all its undergraduate and graduate programs, are accredited by the Turkish Higher Education Council (YÖK) and the University works within the framework of YÖK rules and regulations. Most countries grant recognition to our diplomas directly based on the fact that they recognize YÖK in Turkey and know that we operate under the supervision of YÖK.

However, many of our programs are further accredited by major international accreditation bodies such as:

ABET (*Accreditation Board for Engineering and Technology* – the most prestigious accrediting body in Engineering based in the United States),

NAAB (*National Architectural Accrediting Board* – the oldest accrediting agency for architectural education in the United States),

TedQual (*Quality Certification for Tourism Education* - The World Tourism Organization (UNWTO), a specialized agency of the United Nations),

ASIIN (*Akkreditierungsagentur für Studiengänge der Ingenieurwissenschaften, der Informatik, der Naturwissenschaften* - Accreditation Agency for Study Programs in Engineering, Computer Science, Natural Sciences – German agency that assesses programs based on the guidelines of the German Accreditation Council (Akkreditierungsrat) – and with European guidelines (European Standards and Guidelines of ENQA)),

FIBAA (*Foundation for International Business Administration Accreditation* - a German, internationally oriented agency for quality assurance and quality development in higher education),

ACA (*The American Communication Association*), **AHPGS**: (*Akkreditierungsagentur im Bereich Gesundheit und Soziales* – Accreditation Agency in Health and Social Sciences based in Germany),

AQAS (*Agency for Quality Assurance through Accreditation of Study Programs* – Authorized by German Accreditation Council),

TPD (*Türk Psikologlar Derneği* – *The Turkish Psychologists Association accreditation* – we are among only 9 programs that they have accredited in Turkey)

MİAK (*Mimarlık Akreditasyon Kurulu* – *The Turkish Architectural accreditation board*).

EMU

Amongst other organizations, our University is a member of the EUA (*European Universities Association*), IAU (*International Association of Universities*) and FUIW (*The Federation of the Universities of the Islamic World*) and has countless cooperation agreements with overseas academic institutions.

Eastern Mediterranean University has been ranked among the best universities in the world by the Times Higher Education World Universities Ranking which places us among an elite group of universities constituting the top 5% of the universities in the world. Among the 18 Turkish universities that made it in this list, our university was ranked 7th. EMU was ranked as 173rd among universities of BRICS and Emerging Economies. Among the “Young Universities” established in the last 50 years, EMU was in the top 200 and in terms of international perspective we were ranked as the 50th globally.

Since Eastern Mediterranean University is located in North Cyprus, we also operate under the supervision of the Ministry of Education and the Higher Education Coordination and Accreditation Council (YODAK <http://www.ncyodak.eu/>) of Turkish Republic of North Cyprus. YODAK is an affiliate of ENQA, full member of INQAAHE and CEENQA and founding member of AQAAIW.

Due to the unresolved political problem in Cyprus, our university does not appear in the list of universities provided by the “Republic of Cyprus”. Some university list groups EMU is among Turkish university due to our link to Turkish Higher Education Council (YOK) while others may listed under Cyprus or North Cyprus. And we may appear in the lists of Turkish institutions. The Federal Republic of Germany Official Web Page of “Information portal for the recognition of foreign qualifications (anabin)” (http://anabin.kmk.org/no_cache/filter/institutionen.html), or at UK-NARIC Web Page (<https://www.naric.org.uk/naric/logged%20out.aspx>), and the International Association of Universities Web Page (<http://www.iau-aiu.net/content/institutions#Turkey>) are some examples of how Eastern Mediterranean University is listed among recognized institutions under Cyprus, North Cyprus or Turkey. Recognition of degrees from Eastern Mediterranean University does not imply political recognition of North Cyprus (*please see the position of UK NARIC which states this issue*).

RECOGNITION OF QUALITY
CULINARY EDUCATION

WORLD ASSOCIATION
OF CHEFS SOCIETIES

24 May, 2016

Guven Ardahan
Vice Dean
Tourism Department of Gastronomy and Culinary Arts
Eastern Mediterranean University
Famagusta
North Cyprus

Dear Dean Ardahan,

I am pleased to report that your application to the World Association of Chefs Societies (WACS) Recognition of Quality Culinary Education program has been thoroughly reviewed and accepted. Congratulations to you and all of the dedicated staff and faculty at your school.

A WACS Education Review Panel reviewed the evidence provided by you and your representatives and determined that the Tourism Department of Gastronomy and Culinary Arts at Eastern Mediterranean University meets and in some cases exceeds WACS Standards of Quality Culinary Education. On behalf of the World Association of Chefs Societies it is our pleasure to award WACS Recognition of Quality Culinary Education to the Tourism Department of Gastronomy and Culinary Arts at Eastern Mediterranean University.

A certificate and award plaque will be produced and sent to you to showcase your award to your community. WACS will begin to advertise the award given to your school on its web site (www.worldchefs.org), in its official publications, and during international conferences. Your school will be authorized to use the WACS Recognition of Quality Culinary Education name and marks in your marketing materials and graduating certificates when referring to your culinary programs contingent upon receiving the annual fees and reports in a timely manner.

If you have any questions regarding the award, or your rights to use the WACS Recognition of Quality Culinary Education name or marks please do not hesitate to let me know.

Sincerely,

Dear Dean Ardahan,

Congratulations. Your application to WACS for the Recognition of Quality Culinary Education Program has been accepted. A letter from WACS Director of Education John Clancy is attached for your reference.

You will soon receive an invoice from the WACS office manager for the first year's annual fee of € 1,000 which is based on your current student population of 200. Once received you will be sent the WACS Recognition logo for use in your advertisements and marketing efforts.

We will also begin to advertise your program on the WACS web site. Please have a member of your staff write a short press-release announcing the award so we may publish it on the web site along with some action photos of students at work.

I do hope to see you or someone from your college at the WACS Congress in September. It is being held in Greece. This is where you can meet other chefs and educators from around the world and build a professional network that will help your school, your faculty, and your students succeed.

Thank you for all your work and dedication to quality culinary art education.

Status

Mit der Kategorie "Status" antwortet anabin auf eine der am häufigsten gestellten Fragen soweit möglich bereits auf der Ebene des Institutionstyps; Ist eine ausländische Bildungseinrichtung als Hochschule "anerkannt" oder nicht? Die drei verwendeten Kategorien sind wie folgt definiert:

Klasse	Definition
H +	Die Institutionen dieses Typs sind im jeweiligen Herkunftsland in maßgeblicher Weise als Hochschulen anerkannt (akkreditiert, attestiert u.a.) und ausgehend davon in Deutschland als Hochschulen anzusehen. Besonders für Länder der ehemaligen sozialistischen Welt sind auch Forschungsinstitute erfasst, da an ihnen Promotionen und Habilitationen möglich sind. Da diese Qualifikationen denen an Hochschulen gleichwertig sind, werden die Forschungsinstitute ebenfalls dieser Kategorie zugeordnet. Achtung! Die Einstufung als H+ bedeutet lediglich, dass Abschlüsse, die an dieser Einrichtung erreicht wurden einer Gleichwertigkeitsuntersuchung im Hochschulbereich unterzogen werden können. Eine Vorentscheidung darüber, ob die Abschlüsse dieser Einrichtung deutschen Hochschulabschlüssen gleichgestellt werden können, ist damit nicht verbunden.
H -	Institutionen dieses Institutionstyps sind vorläufig oder auf Dauer nicht als Hochschulen

Chiarissimo Professore,

questa Ambasciata non puo' rilasciare dichiarazione di valore per titoli di studio conseguiti presso la *Eastern Mediterranean University* e la *Cyprus International University*, che si trovano nella cosiddetta *Repubblica Turca di Cipro Nord* che non e' riconosciuta dall'Italia.

Premesso quanto sopra si segnala tuttavia che la *Eastern Mediterranean University* e la *Cyprus International University* sono istituzioni universitarie serie e di ottimo livello, tra l'altro accreditate dal YOK (Consiglio d'Istruzione Superiore) della Turchia e solo una questione politica ci impedisce di trattarle come le altre universita'. Subject: **RECOGNITION OF ENGINEERING PROGRAMMES.**

Dear Sir:

During the past few years, it had been observed that the Engineering Institutions in the Cyprus had been allowing transfer of credits from non-engineering programmes to engineering programmes.

PEC taking a serious note of this situation, had asked, the concerned Institutions to refrain from such practices, failing which PEC will be constrained to de-recognize their Engineering Programmes.

PEC's Executive Committee recently deliberated on this issue and has finally decided that w.e.f July 26, 2002, PEC will register such of the Engineering graduates who obtain recognized Engineering qualification from your institution with the following restrictive conditions:

"Acquired by candidates with pre-admission qualifications of HSC pre-engineering (minimum 50% marks) or Diploma of Associate Engineer (minimum 60% marks) in the relevant discipline, in a period of Four Calendar years, with no exemption granted for higher Education, including study during summer vacations"

You are therefore, requested to please ensure that the students from Pakistan, seeking admission or enrolled with your Institutions, are granted engineering degrees in conformity with the above-said prescribed conditions, as non compliance will constrain the PEC to deny registration to such engineering graduates.

Subject:- Recognition of Engineering Qualifications

Dear Sir,

Kindly refer to visit of your delegation to Pakistan Engineering Council on 27/3/1995 regarding recognition of Engineering Qualifications of your esteemed university. I feel great pleasure in communicating to you that the Council has recognised following engineering degrees being awarded by your University:-

1. B.Sc. Civil Engineering
2. B.Sc. Electrical Engineering
3. B.Sc. Mechanical Engineering
4. B.Sc. Electronics Engineering
5. B.Sc. Geological Engineering
6. B.Sc. Industrial Engineering

A copy of the approved Notification by Chairman, PEC is enclosed for your kind information. A copy of Gazette of Pakistan will be sent as soon as it is notified.

I am personally grateful for inviting me alongwith the delegation of the UGC. I had expressed my regret to Chairman, UGC as It is exclusive function of the Pakistan Engineering Council to recognise engineering qualifications. However we fully appreciate your gesture for inviting Pakistan Engineering Council delegation. Insha Allah the delegation will visit whenever the Council approves such programme.

RE: Accreditation Status of Eastern Mediterranean University (EMU)

Refer to your recent communication and submissions with regard to recognition of your University. At its 64th Meeting of the Tanzania Commission for Universities held on 3rd July 2014 it was resolved that Accredited Universities from the Turkish Republic of Northern Cyprus will be recognised by TCU on the basis of academic merit and according to the criteria used by the Commission. Based on this resolution, Eastern Mediterranean University Awards will therefore be recognized by TCU on academic merit as the University meets the criteria of recognition of awards as set by the Commission. This is to officially notify you on the approval.

Yours sincerely
